

Lehi Canning Company

Stockholders Meet Thursday Night, Elect Board of Directors and Adopt Articles of Incorporation—Lists Will be Thrown Open for New Subscriptions.

The stockholders of the Lehi Canning company held a meeting in the Commercial club rooms Thursday evening, and decided on the articles of agreement and the first board of directors.

The board of directors consists of Dr. H. C. Holbrook, Edward Southwick, S. W. Ross, W. E. Pace, W. S. Evans, W. K. Hopkins and Israel Evans, who will serve for one year.

The articles of agreement provide that the name of the organization shall be the "Lehi Canning Company," that its place of business shall be Lehi, Utah, that the life of the corporation shall be for fifty years. That the purpose for which the company is organized shall be to buy and sell the products of Utah and the whole world, to do a general canning and preserving business, and to buy and sell real estate. The corporation will be capitalized at \$20,000, divided up into shares at the par value of \$10 each. The board of directors will consist of seven members, and must hold at least ten shares each to be eligible to membership. A stockholders' meeting must be held on the second Tuesday of January of each year, when the annual election also takes place. The articles also make provision that the private property of the corporation shall not be liable for the debts of the company, and the usual provisions of other corporations.

Contracting for tomatoes will commence within the next two weeks, and those holding stock will be given first preference in signing up for the 100 acreage that will be grown the first year.

The canning plant building is now up and the windows in. Within the next few days big heating stoves will be placed in the building and a cement floor put in. The machinery has been ordered and will be shipped from the eastern factory within the next few days, and in a few months Lehi will have one of the most modern factories in the state.

An important decision arrived at at the Thursday night meeting was that permission would be given to the public to subscribe for \$3,000 more stock. As the articles now provide, this may

be done in as small blocks as \$10 each, which will enable every man in town to get in. As it now stands there are seventy stockholders who own from \$100 to \$500 each. The new subscription lists will be open within the next few days.

Important Strike In Lehi-Scranton

An important strike was recorded this week in the Lehi-Scranton mine, in which Lehi people hold large interests. The miners, who are doing assessment work, ran the tunnel into a big body of ore assaying about 45 per cent iron and carrying 3 per cent zinc. The property lies north of the old Scranton mine, and adjoins the North Scranton and Scranton Extension properties, owned by Lehi people.

If the strike develops as anticipated, it may mean a crop of Lehi millionaires.

MINING CO. ELECTS OFFICERS

The American Copper Mining and Milling company held its annual meeting in the City Hall Tuesday afternoon, and re-elected its old Board of Directors, consisting of Geo. Hammer, J. N. Butt, Chris Anderson, W. J. Gurney and Ralph Leiter. George Hammer will continue acting as president, and Wm. Asher as secretary.

It was decided to send a force of men out at once and resume the sinking of the shaft, which is now down 95 feet.

Allred's Variety Store

We have enlarged our sales-room. Come and see the improvements; and let us show you the choice line of articles received this week from the war zone. Everything new, pretty and reasonable.

You can get more for your money and a greater variety to choose from than at any other place.

ALLRED'S VARIETY STORE MAKING IMPROVEMENTS

Allred's Variety Store is this week making some changes in their interior arrangements that will give them the needed additional room, which their rapidly growing business has made necessary. The refrigeration plant has been taken out and a rearrangement of other things has added about one-third to their display and selling room.

Mr. Allred says that the store did a phenomenal business during the holidays, which has also kept up well since. In fact their business has shown a gradual increase ever since opening up about one year ago.

The store this week received another large shipment from the war zone districts, which will be put in place as soon as the additional is provided for.

AUTO SOLD FOR REPAIR BILL

The A. N. Nelson Ford automobile was sold at the Cutler garage Monday, to pay for making repairs, court costs, etc. There were but two bids, one for \$100 and the other for \$101. The latter was by T. R. Cutler, Jr., who now owns the machine. The costs of fixing the auto, supplies, storage, advertising, etc., was over \$150. Mr. Nelson is liable to suit for the balance of the bill.

Iva Rebecca Hold Installation

Wednesday evening the Ivy Rebecca Lodge held its annual installation of officers. The new officers are, Mrs. W. C. Ernest, N. G.; Mrs. Alice Tucker, V. G.; Miss N. Whalley, Secretary, and Mrs. Julius Otterson, Treasurer. Refreshments were served after the installation services were over.

SHOT HUNTING RABBITS

While hunting rabbits south of Fairfield, with about fifty other hunters from Provo, on New Year's Day, Geo. B. Garff was hit in the end of his nose with a stray shot. A hunter from Provo was also hit in the nose with one stray shot.

The nimrods reported the bunnies unusually numerous, and in a few hours killed 1172. The tails were kept as counters and the rabbits left for the coyotes to feast on. The trip was made in automobiles.

Utah Lake Covered With Thick Ice

Mr. H. J. Evans and a force of men filled the Saratoga ice house with ice this week, for use during the hot days of summer. The ice on Utah Lake is fourteen inches thick, making it safe for teams to travel across the lake instead of going the longer road around.

Utah Lake is covered with thicker ice than for several years past, and if the present cold weather continues its thickness will probably reach over two feet.

ONE SPOONFUL ENOUGH SAYS DRUGGIST

H. B. Merrihew states that the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, is causing great surprise because just ONE SPOONFUL relieves constipation, sour or gassy stomach almost IMMEDIATELY. It is so thorough a bowel cleanser that it is used successfully in appendicitis. Adler-I-ka acts on BOTH lower and upper bowel and the INSTANT effect is astonishing. It never gripes and is perfectly safe to use. H. B. Merrihew, druggist, Lehi. The American Fork Drug Company report great success.

SURREY TIPPED OVER FAMILY SPILLED OUT

Mr. and Mrs. R. G. Webb and children were in Pleasant Grove and American Fork Saturday in their surrey. While on the State Road between Lehi and American Fork their horse became unmanageable, ran off the turnpike, up set the surrey and spilled out all the occupants. Luckily no one was hurt or even scratched, though the buggy was smashed and badly broken.

Several tip-overs have occurred on this same turnpike, recently, because of the road being so narrow and the sides so steep.

KILLED 6,000 RABBITS.

Four cars, loaded with 110 rabbit hunters, formed a special train which came from Salt Lake City, over the Salt Lake Route, to a big rabbit hunt in Cedar Valley last Sunday. They were met at the Fairfield station by a lot of teams from Fairfield and taken to the scene of shooting. They report having shot 6,000 rabbits which were distributed to the poor from a big van on Main Street Monday.

CATERING TO LOCAL PLAYGOERS

Mr. Arthur Kirkham, local agent for the Orem road, this week erected a big bulletin board at the station, on which is posted each week the programs of each of Salt Lake's leading play houses. Any one desiring to attend any of the attractions may have reservations made through Mr. Kirkham without any extra charge.

Miss Thomas Leaves For Mission

A big crowd attended the farewell party for Miss Leule Thomas in the Arcade Hall Monday evening. Miss Thomas left Wednesday for New York, from where she will work as a missionary in the Eastern States for the next eighteen months.

Agon Woman Breaks Two Ribs

Last Saturday Mrs. Alfred Turner of the Third Ward, fell over a chair and broke two of her ribs. The accident, though not necessarily a serious one, is most painful, and it will probably be necessary to use a plaster cast. She is improving.
